HIS HOLINESS, POPE PIUS XII,
the central figure in all Mission Action.

Dedication

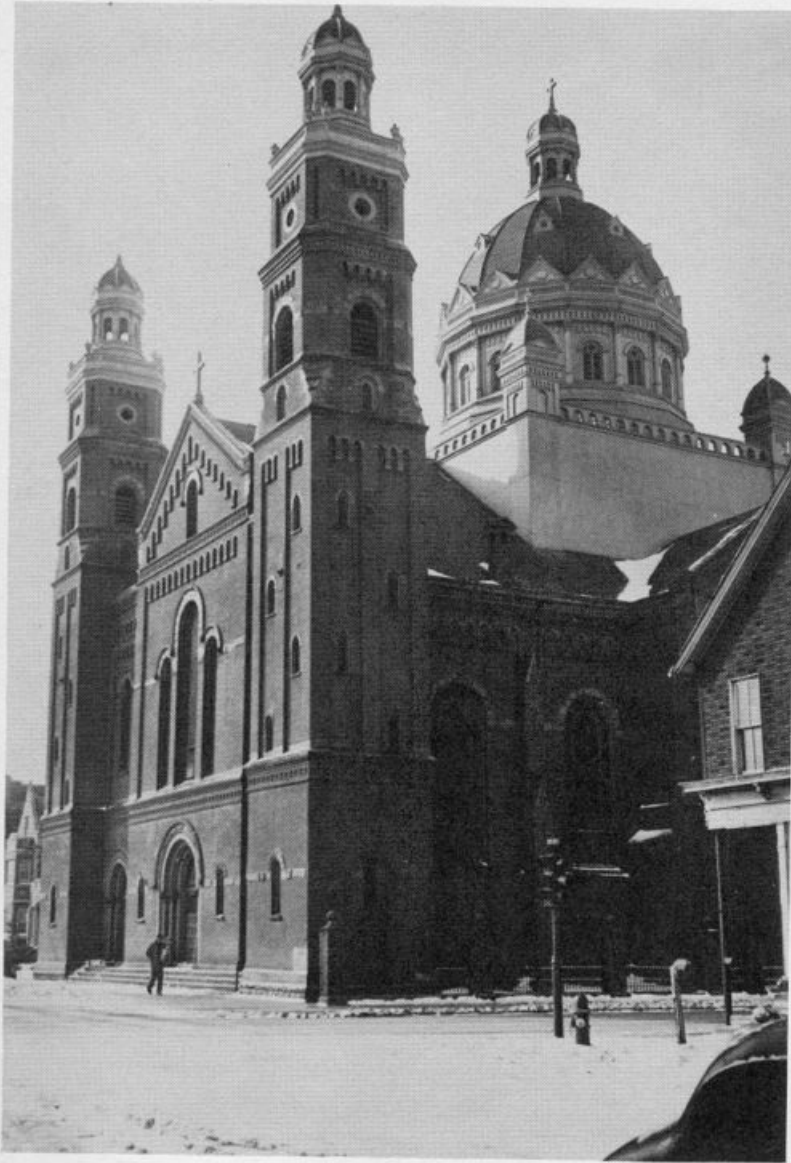

The Holy Year, with all its special privileges and the Pilgrimage to Rome, gives an impressive panoramic survey of all the present-day forces at the service of Holy Mother Church. The Church today is stronger than ever and advances with assurance along the road of Goodness and Truth to restore -- The peace of Christ -- in the Kingdom of Christ.

With this act of homage the Seniors of Saint Casimir High School dedicate the 1950 volume of the Casmirecho to His Holiness, Pope Pius XII, our spiritual father, guide, and leader.

Little do we know what the future holds in store for us. It is doubtful that we, the Seniors, will ever be together again as we are now. Nevertheless we will always be united as one in the Mystical Body of the Church.

Through the guidance of His Holiness may our Divine Master lead us to a brighter and better future, here on earth and in eternity.

Our model for scholasticism is Donald Thomson pictured above. He represents the many hours we have put into study -- whether it was a short exercise in English or a long term paper in History.

Classes

The Senior Sociology class through panel discussions and term papers is becoming familiarized with the essentials of Sound Catholic living. The graduates know that religion plays an important part in the social life of every person.

In order to become a full fledged citizen it is necessary to understand the functions of our government. The Seniors, our future leaders, are being enlightened through their American History class.

The English class spend much of their time in the library referring to the wide variety of encyclopedias for information. They also find it a place of peace and quiet where they can work their assignments from other classes.

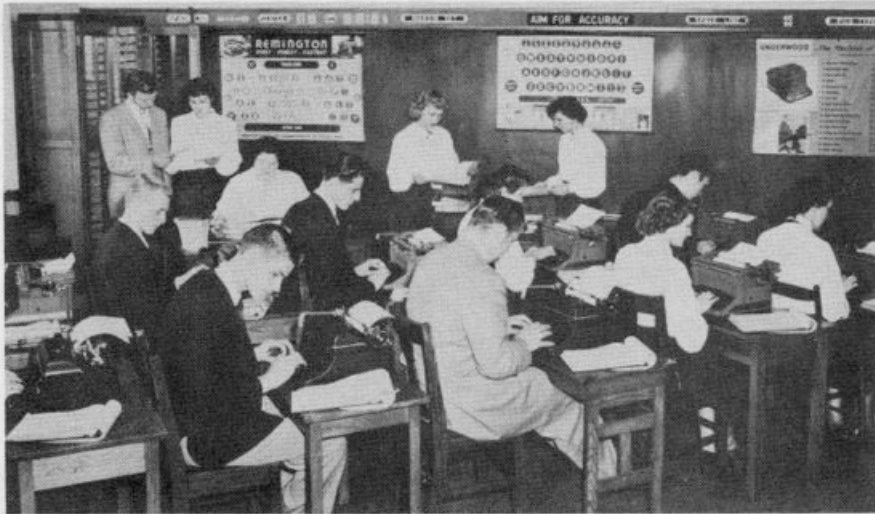

Classes

The knowledge of chemistry may prove useful to the Seniors in this new atomic age.

The General Science class is a stepping stone to the Freshmen, a general preparation to the advanced sciences of Chemistry and Physics which will come later.

Once thought to be strictly a subject for girls, Typing has proved to be an asset to every pupil who has been fortunate to learn it. The Seniors are trying hard to reach the coveted goal of 60 words per minute.

Under the supervision of Sister Gertrude, Sophomores study how to cope with their future financial problems.

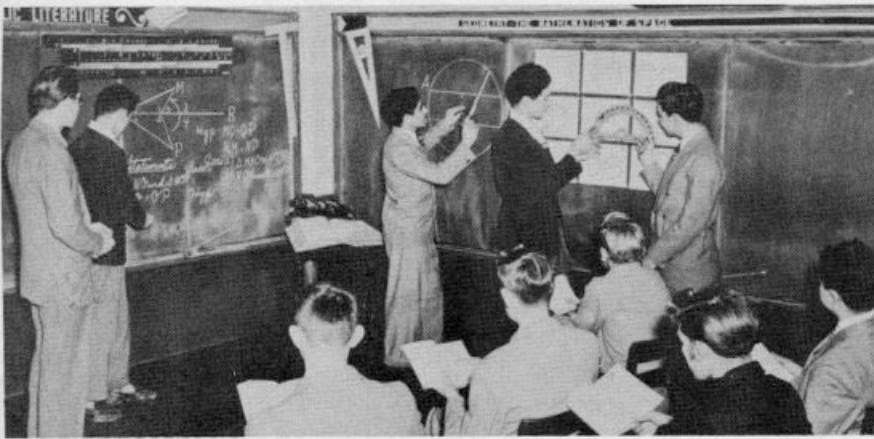

To write as fast as you talk would be considered quite a feat, but to the Shorthand class it is just a matter of knowing the right characters and "practice makes perfect."

Classes

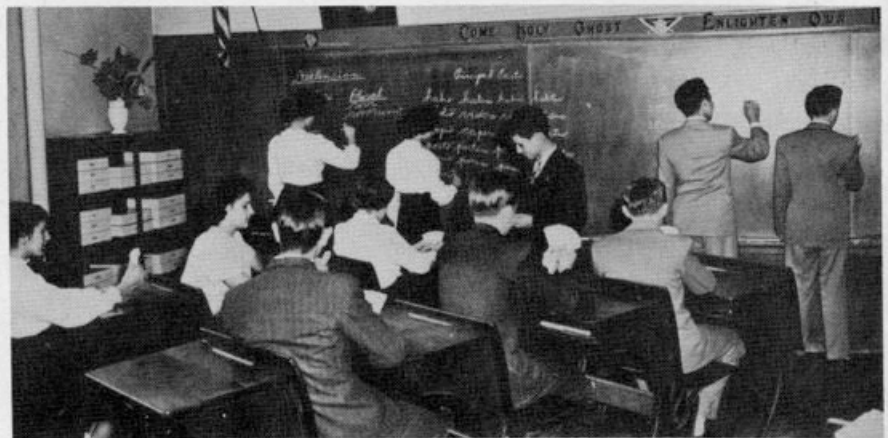

Classes

A deeper study in religion provides the Freshmen with the courage and faith that is necessary to combat the many temptations that will arise in their future years.

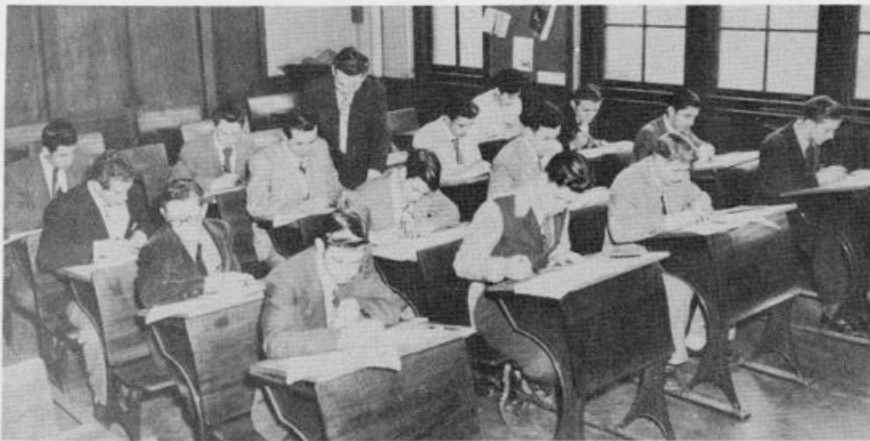

The Sophomores find Geometry easier and more interesting than they expected. The Geometry class like the idea of working problems on the blackboard.

Although Latin is regarded as a "tough" subject, it is hard to find any evidence of strain on the Freshies' faces.

Classes

Drawing blueprints would be a cinch for these Junior draftsmen.

The Music Appreciation class through their extensive study of various types of music and composers will be able to enjoy fine music when they hear it.

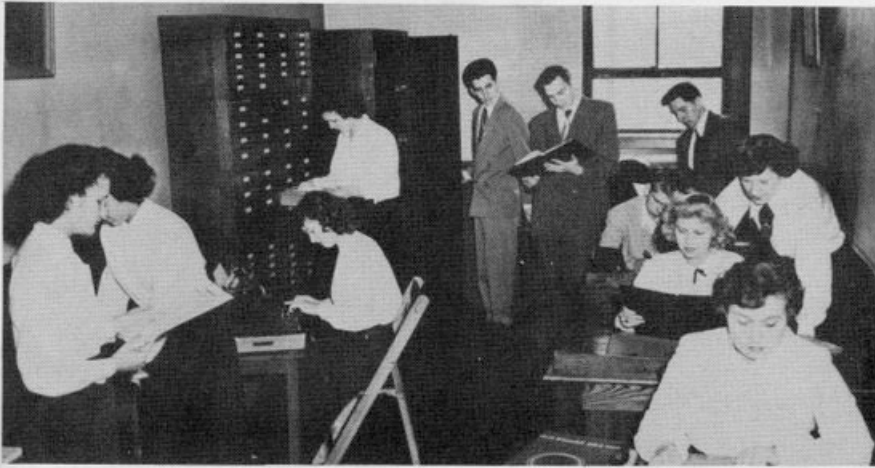

A new art is introduced in St. Casimir High! Acquiring a knowledge of sewing should make the Freshman girls very skillful housewives.

Activities

At a meeting of the members, the Casmirette staff converts to the Casmirecho staff.

The Sodality express their devotion to the Blessed Virgin Mary by offering flowers.

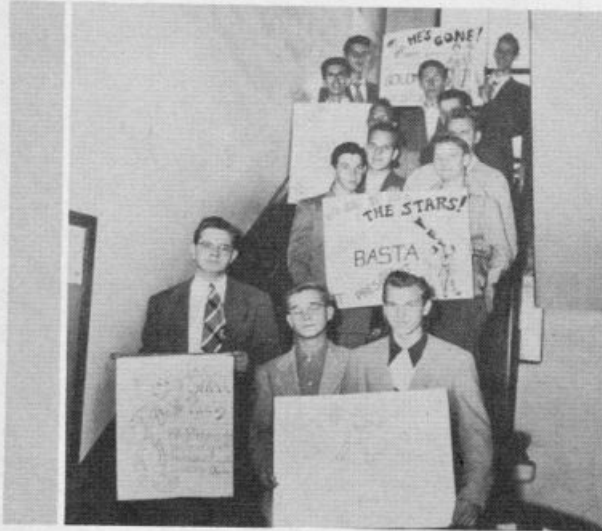

St. Casimir's efficient library staff aids the students in finding literature.

Colorful posters and brilliant campaign speeches featured the campaigns between the "Sparks" and the "Stars".

Just as a citizen has the right to choose his representative, the students of S. C. High have the privilege to vote for their candidate in the Student Council.

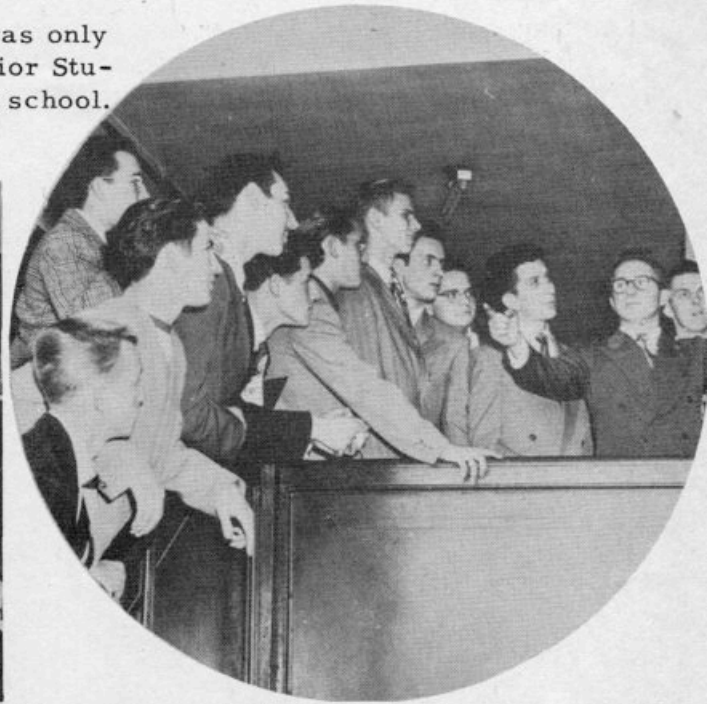

Heartiest congratulations are given to the newly elected officers of the Student Council by our principal, Sister Jeremiah.

An assembly of the student council and the student body met each month to discuss and report the various activities and functions of the school.

Similar to our own city council, the Student Council keeps the activities and the duties of the students of the high school under control. With the advice of the faculty and the initiative of the members the Student Council determines what is best for the student body.

The perfect order on the corridors was only obtained by the splendid work of the Senior Student Patrol boys, the "Traffic Cops" of the school.

Sister Jeremiah, the principal, helps the Seniors select their invitations for graduation exercises.

The four "spark plugs" of the Patron Drive are shown here chatting about their hard work. Pictured are (left to right): Nalepa L., Blank J., Ciesielski B., and Prsybski B.

Father Szymanski explains the special indulgences received through the Novena for the Holy Father to the Sodality members.

The Holy Name Society was organized to give respect and homage to the Holy Name of Jesus. The officers of the society are being sworn in by the moderator, Father Nieckarz.

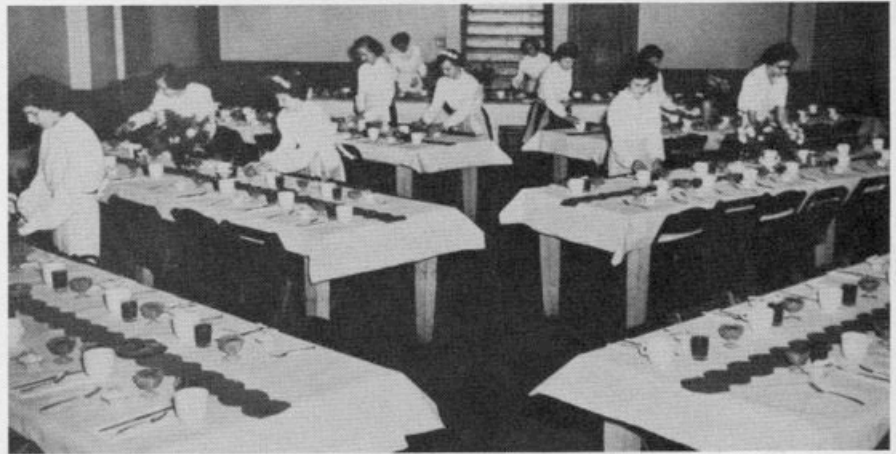

One of the most active organizations in S. C. High has done the most for others, namely C. S. M. C. Collecting for the missions or for any charity is no easy job, but the C.S.M.C. with the cooperation of the students have managed to reach beyond its goal.

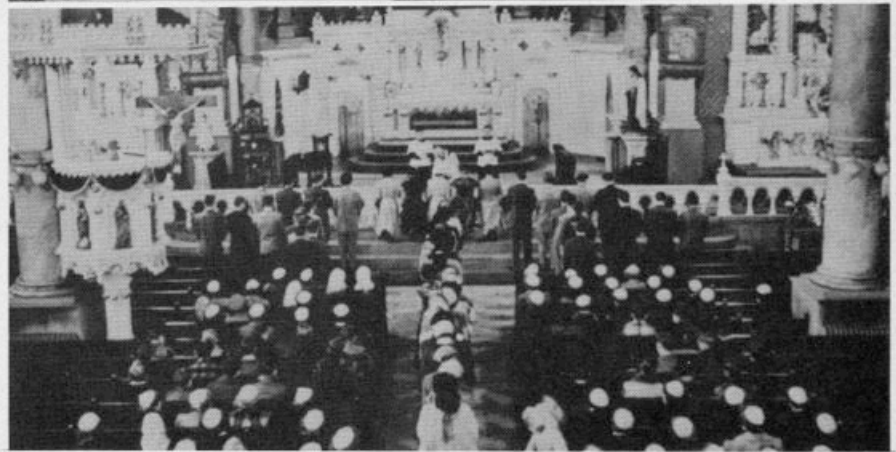

Under the able direction of Sr. M. Bozene, the members of the glee club blend their voices in beautiful harmony.

The Juniors are doing everything possible to make the Senior's Ring Day Breakfast a glorious memory, something that they will cherish when they depart from the portals of St. Casimir High.

The Senior's class rings are being blessed in church in order to make it a holy object to respect and not an ordinary piece of jewelry. The class ring serves as a symbol of our faith and as a memoir of our alma mater.

Christmas Spirit is shown by the happy students.

Smiling faces and happy hearts testify to the happiness of these students, who are here shown observing customs of their native land and traditions observed in this high school.

Dancing is one of the most prominent activities of the school, because the ties between the students are more closely woven together. Above is shown a typical Saturday night dance with orchestra, decorations, and dancers.

Since our school library is gifted with an abundance of good reference books, the students spend much of their time in the library studying their lessons.

Athletics

Here, the Crescents meet All Saints in the season opener at St. Casimirs. Incidentally, the Crescents defeated the dauntless Saint's five, 27-23.

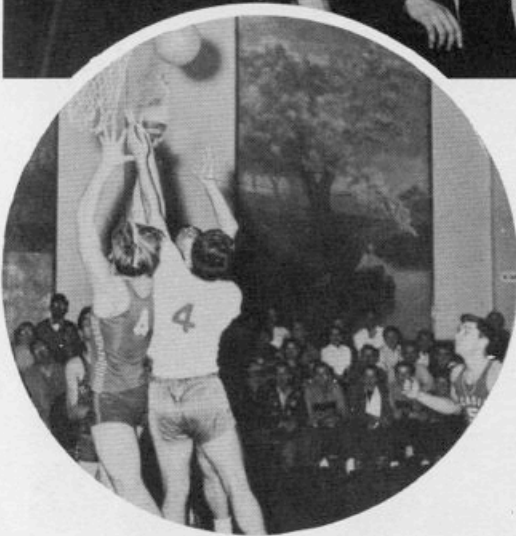

Whenever the team needs uplifting cheers, the cheer leaders would spring from their seats to lead the fans cheering their team on to victory. It seems the petite group always had sore throats and hoarse voices to prove their effectiveness.

The Athletic Board is shown above meeting to plan even better coordination between the Board's various branches.

The usherettes guide the specators and visitors to suitable seats, whenever there is a basketball game, an assembly, or a play.

Shown above are a group of students who helped the most to make a successful affair of the annual Patron Drive. The Drive is staged each year in order to raise enough money to support the basketball and baseball teams.

A few of the veterans on the school baseball teams are shown relaxing before a long-awaited contest with one of the Division powers, St. Agnes.

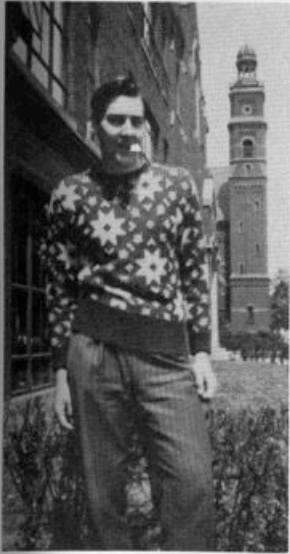

The Crescents completed a fairly-successful season with a record of eight victories and six defeats despite a pair of heart-breaking losses. Coach Stanley Zelek led the team to fourth place in the Third Division, East Side.

Pictured above is St. Casimir's perennially-dominant girl's varsity, the Flames. Seven victories with but one defeat is the record the team hung up this season. The youthful six hope to bring home a trophy next year to embellish the niches of their Alma Mater.
