

The 1953

CASMIRECHO

*The 1953
Casmirecho
published by
The Senior Class
of
St. Casimir High School
Detroit, Michigan*

Dedication . . .

To our teachers who have instructed us in the art of learning...guided, shaped and moulded our characters that we may assume the responsibilities of citizenship in God's and our Country's service.

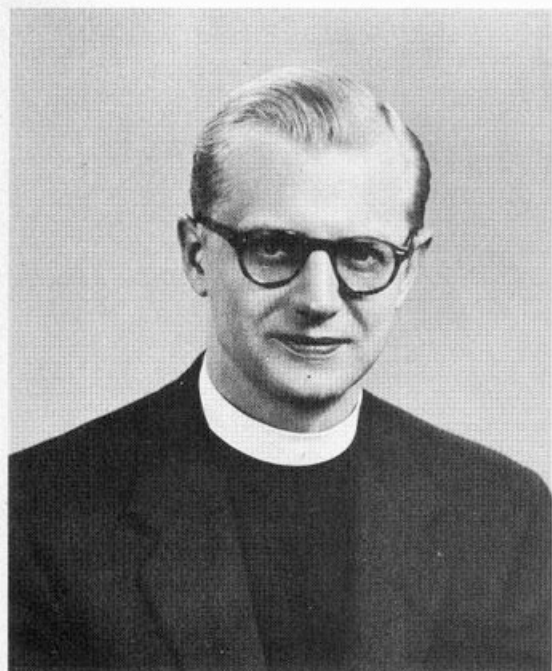

Our Teachers

Those Who Guide Us...

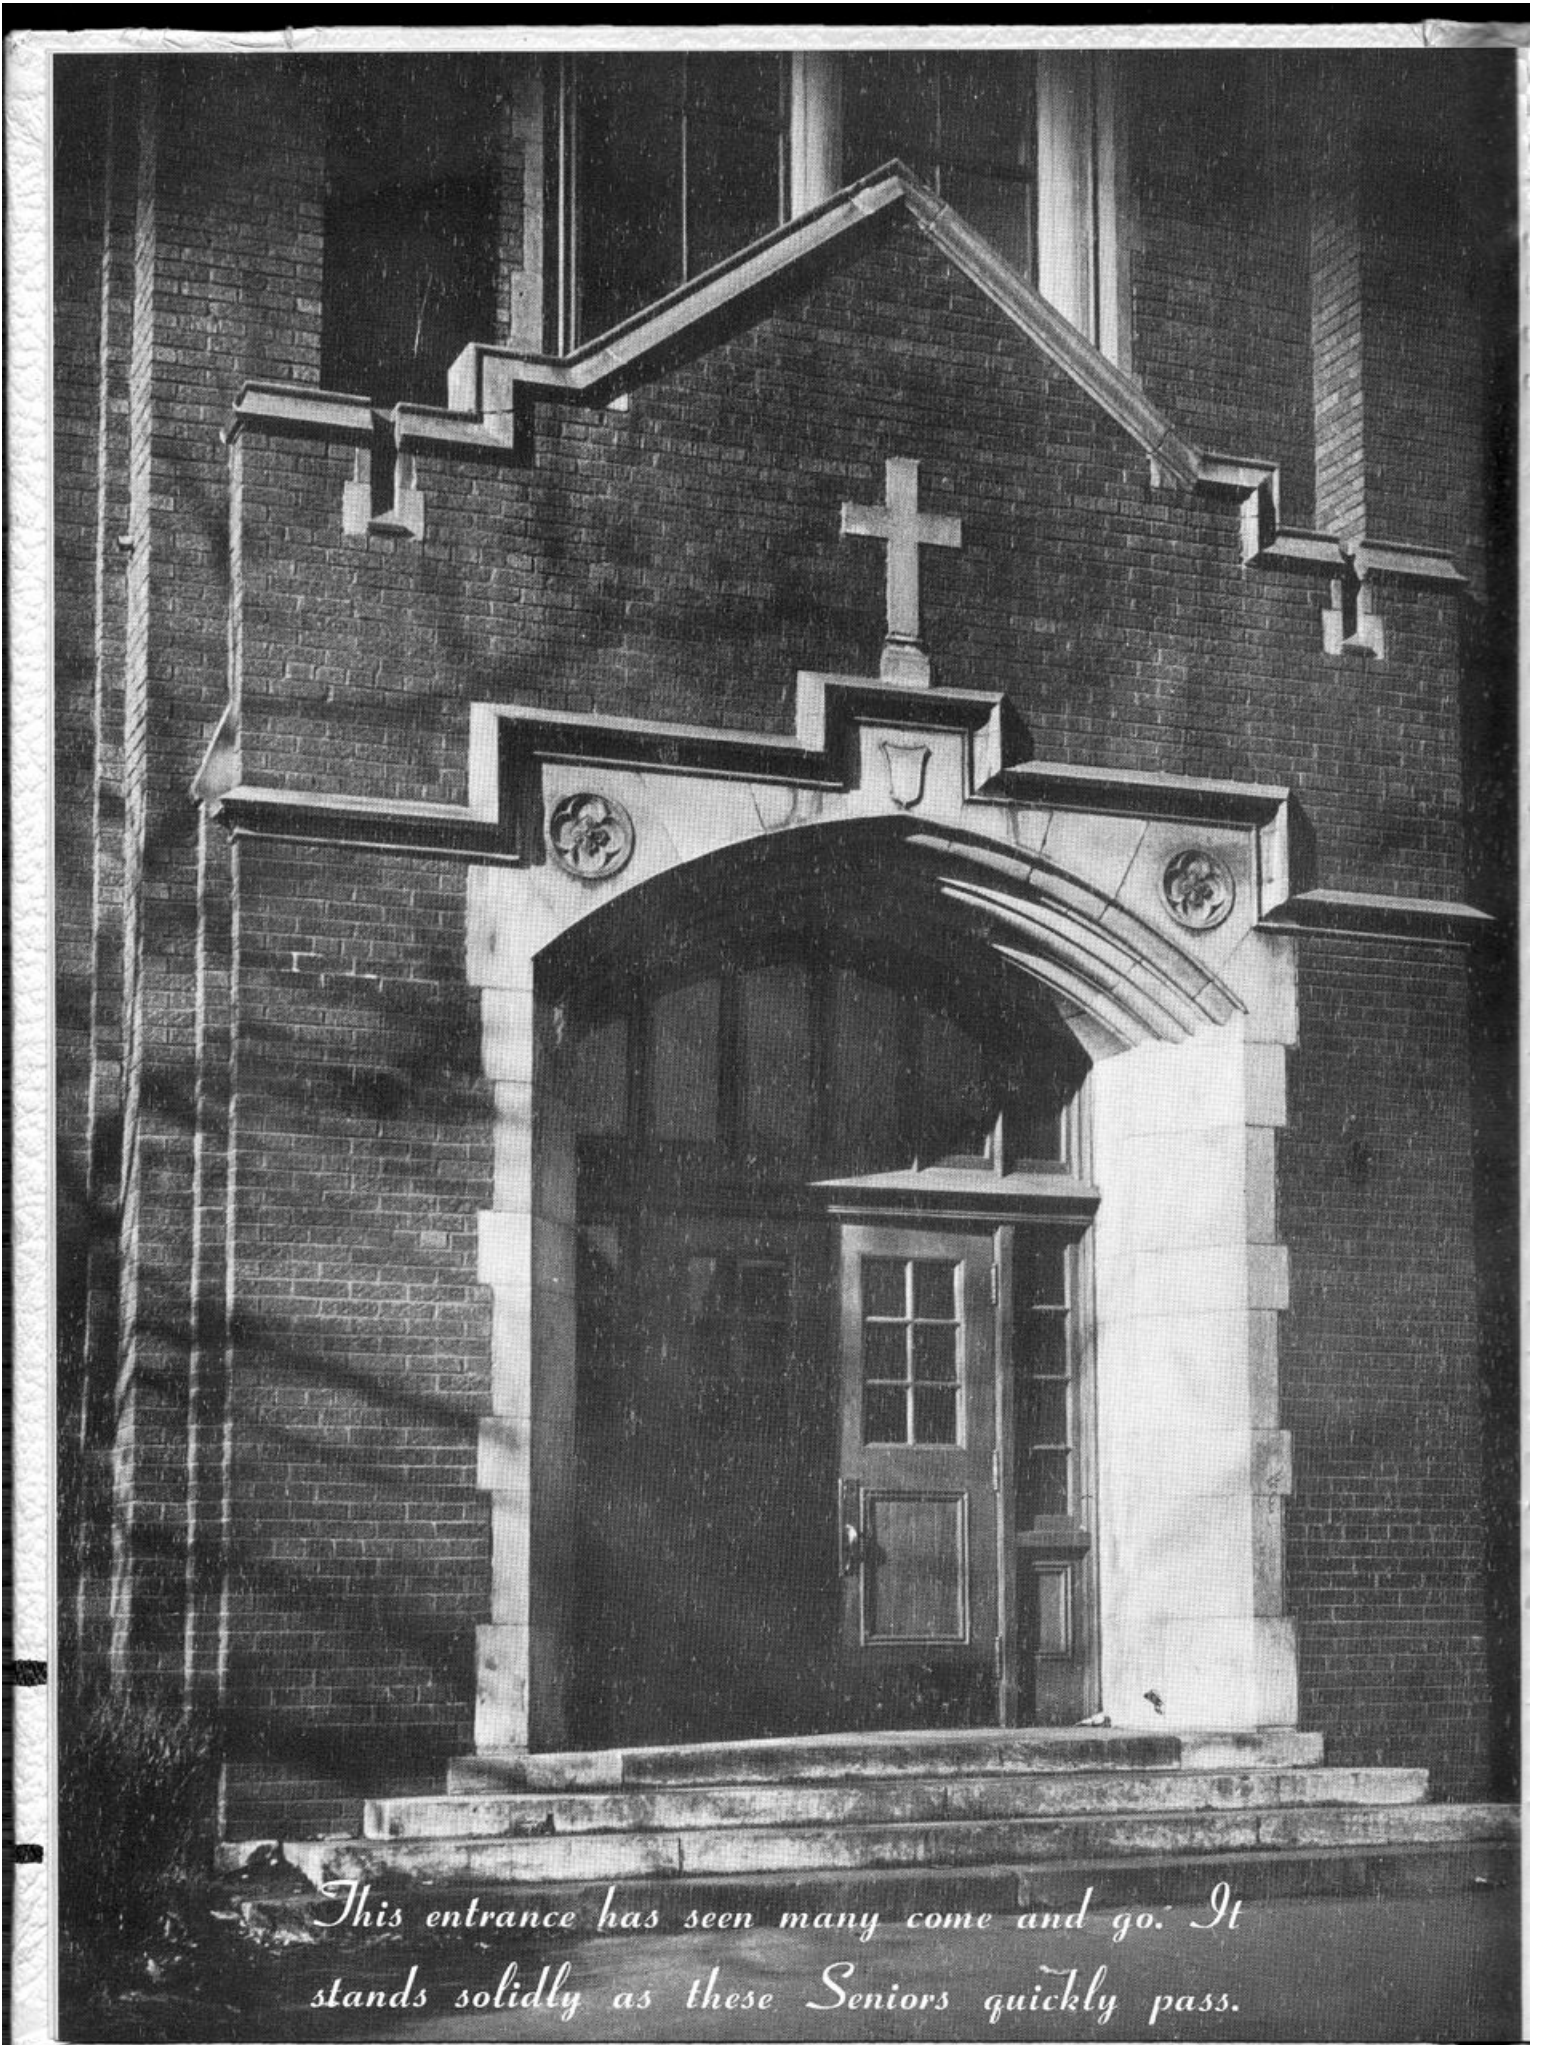

Rev. Edward S. Maisel, Pastor

Rev. Joseph Perkowski

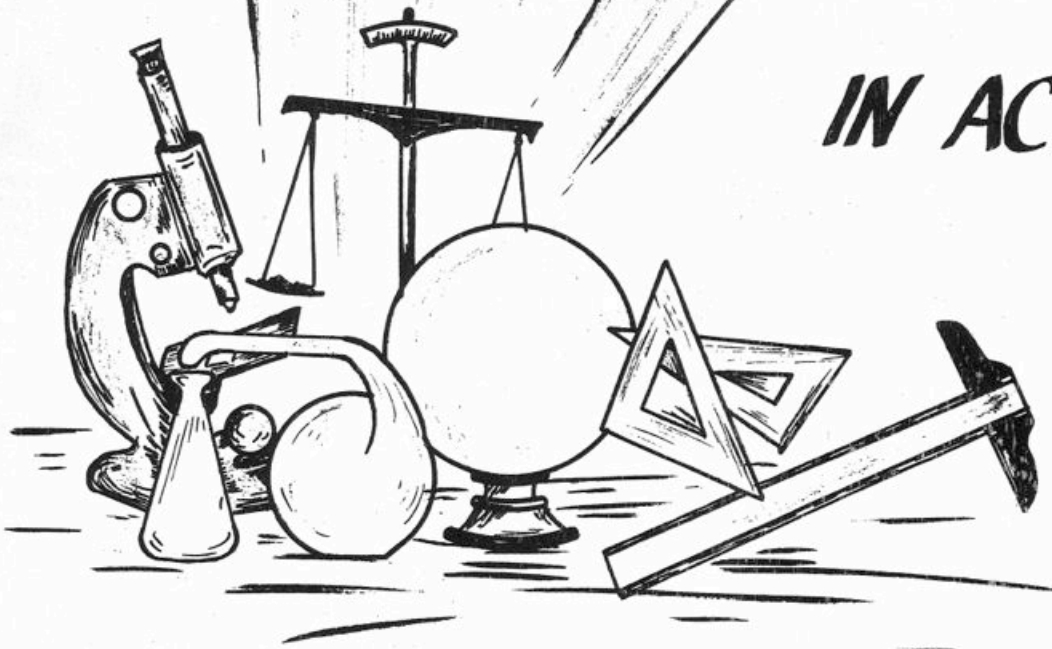

Rev. Joseph Gierut

This entrance has seen many come and go. It stands solidly as these Seniors quickly pass.

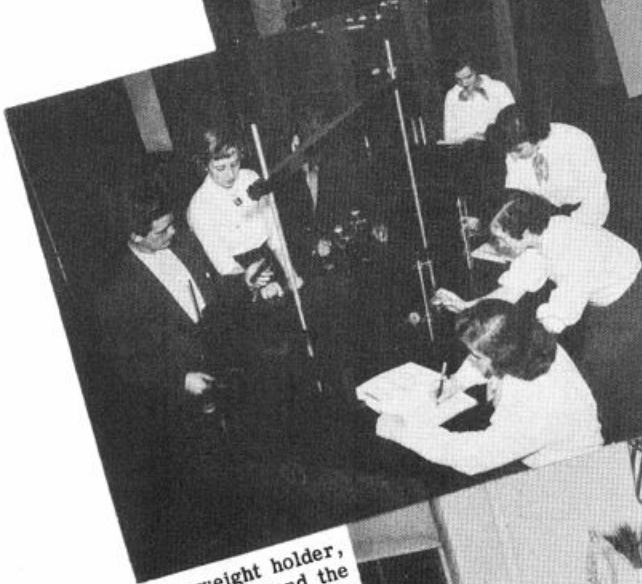

CLASSES

IN ACTION

A study of the inclined plane with respect to its mechanical advantage.

Hooke's Law - spring, weight holder, set of weights, vertical scale and the meter stick help the Physics class to show in this experiment that the distortion produced in an elastic substance is proportional to the force producing the distortion.

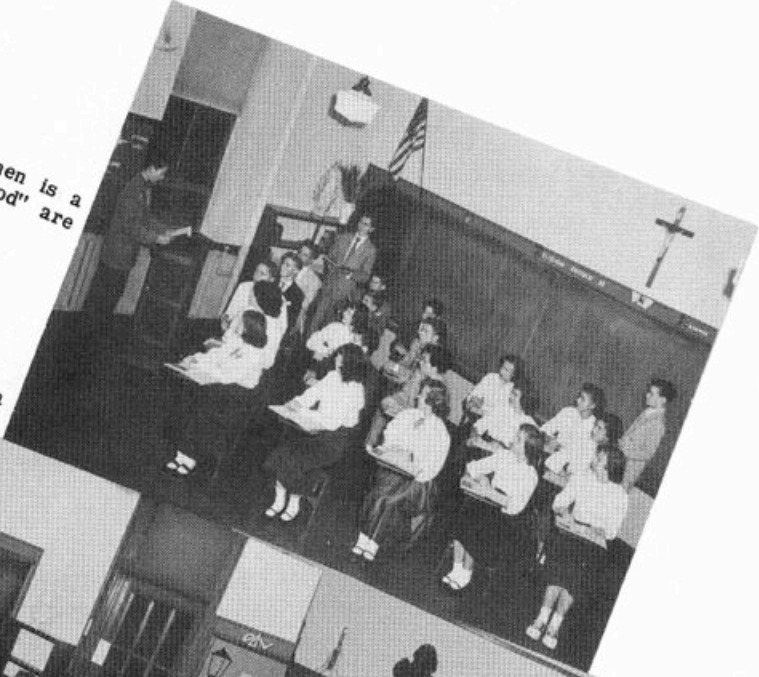

The experiment - "Expansion of Liquids and Gases When Heated." Do our Freshmen expect an atomic blast here?

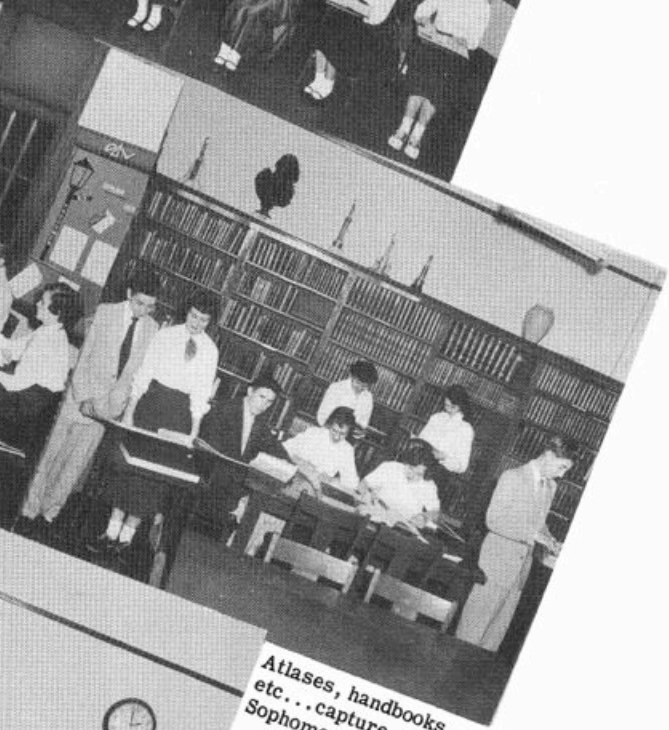

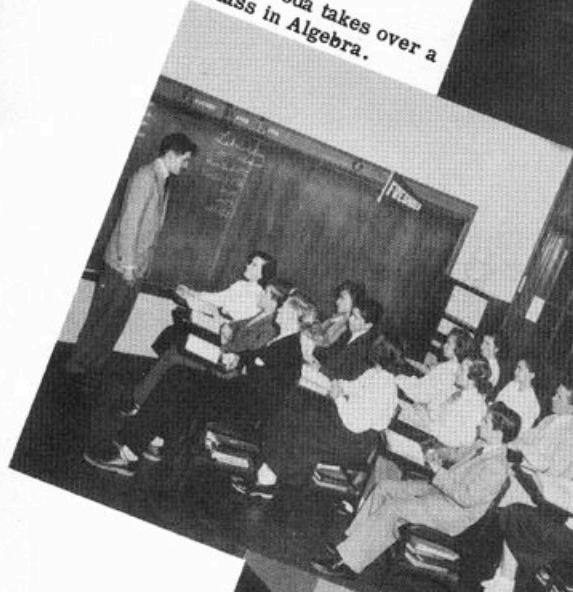

Sophomores concentrate on medians and altitudes of plane figures.

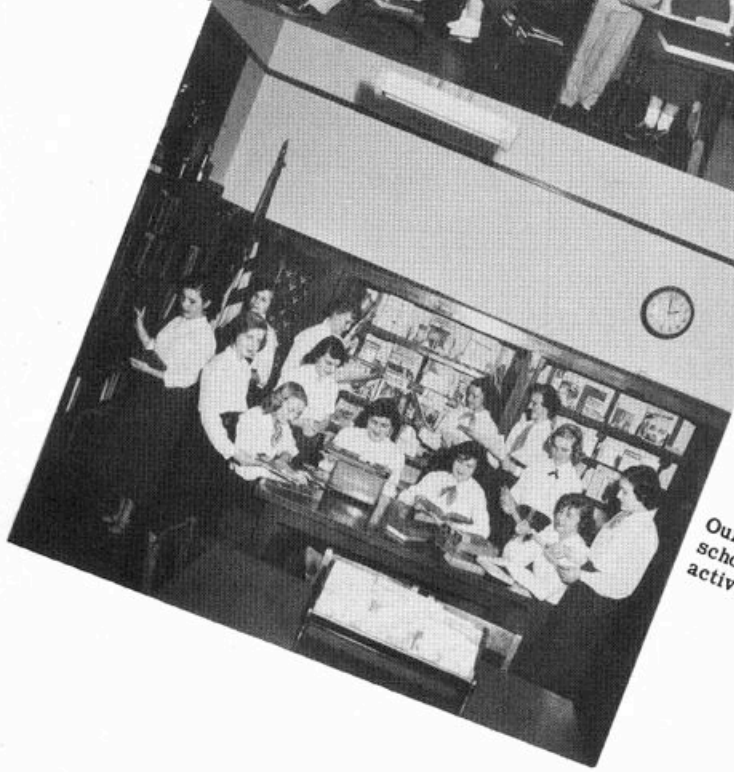

Religion with the Freshmen is a "must". The "Laws of God" are being seriously considered.

Bob Uroda takes over a class in Algebra.

Atlases, handbooks, various indexes etc...capture the interest of these Sophomores.

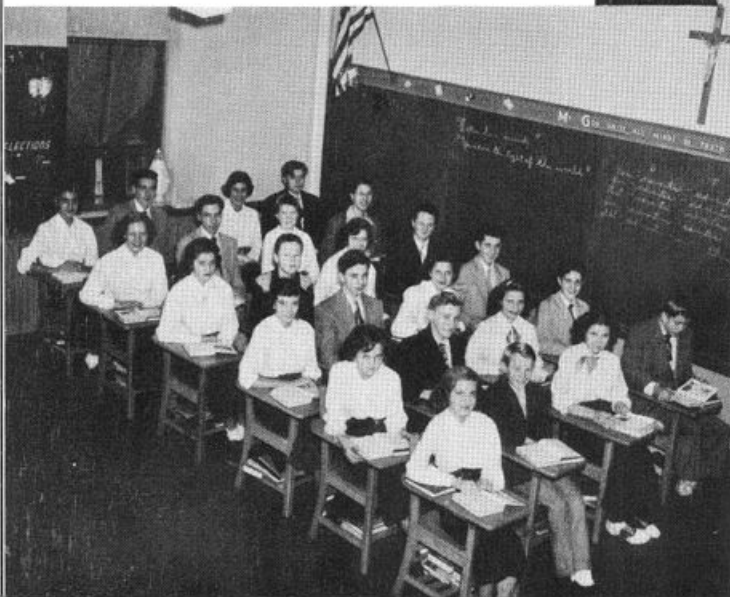

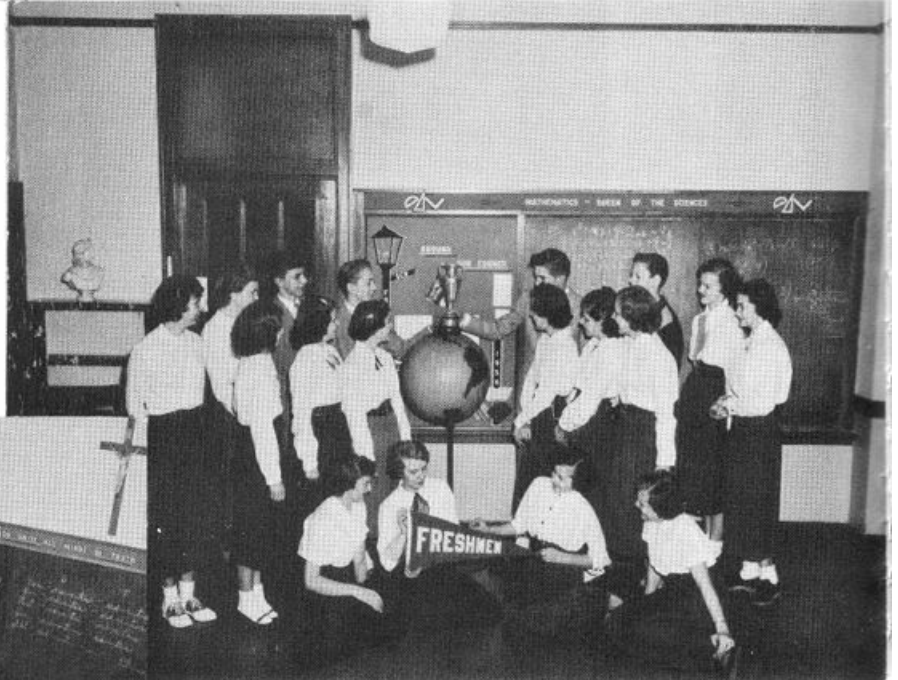

Our Library, the powerhouse of our school. The real cogs of research activities are our Librarians.

Recordings of the Shylock and Antonio court scene in Shakespeare's "Merchant of Venice" amuse the Freshmen.

The American History student knows that the secret of America's power and prospect lies in her geographical extent, the richness and variety of her natural resources, the size and diversity of her population, the wealth and skill of her industry, and the vigor of the principles of democracy.

Sitting pretty on top of the World. Freshmen Honor Students hold the coveted Scholastic Merit Cup a second quarter.

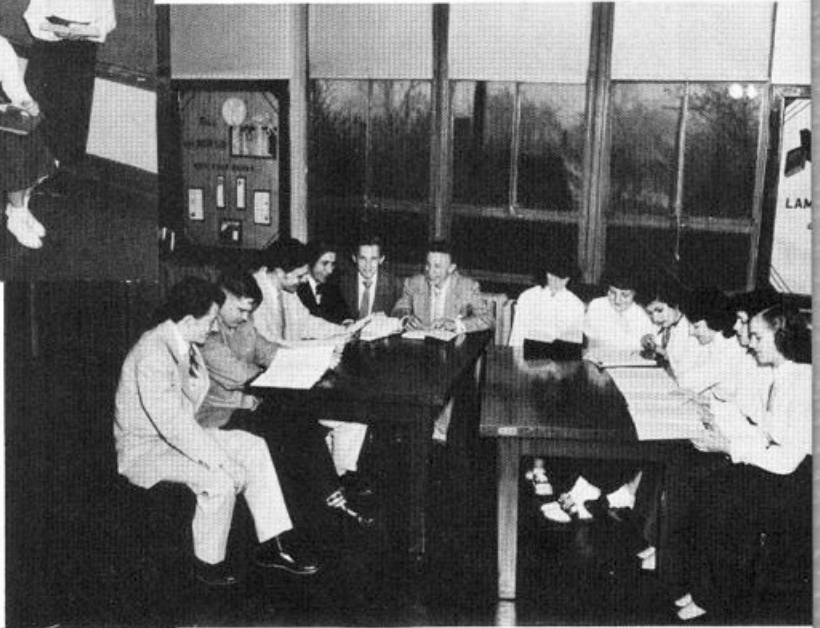

A Freshman Latin Class superb at declining "hic, haec, hoc, phoeyic, phoeyic, PHOEOYIC."

The Juniors delve into a study of the most inspiring story . . . the History of the Church.

A course in Occupations has made its initial appearance this year at S C High.

Attention is a desirable quality for these General Math students.

Never a dull moment in English III.

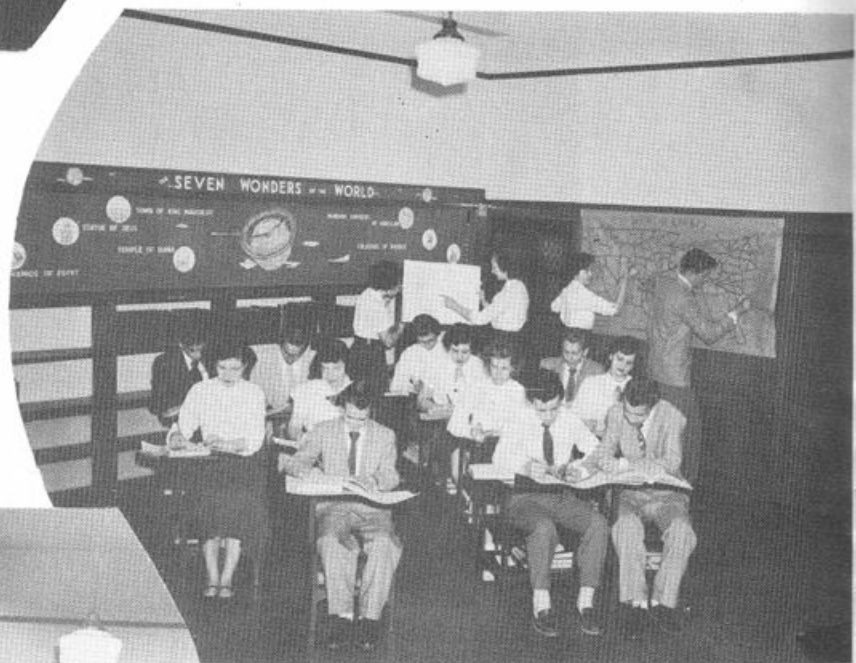

"Now what do we do?" ask the bewildered Junior girls, "Shorthand has crippled our spelling in long hand."

Modern business offers a challenge to these prospective Senior stenographers.

A project on "Structure and Behavior of the Atmosphere" is coming to a completion in this Global Geography class.

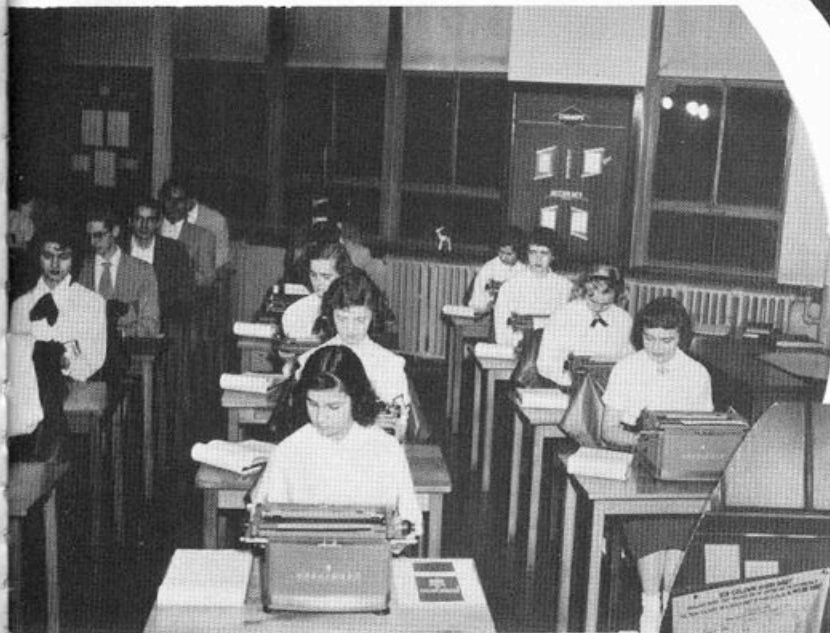

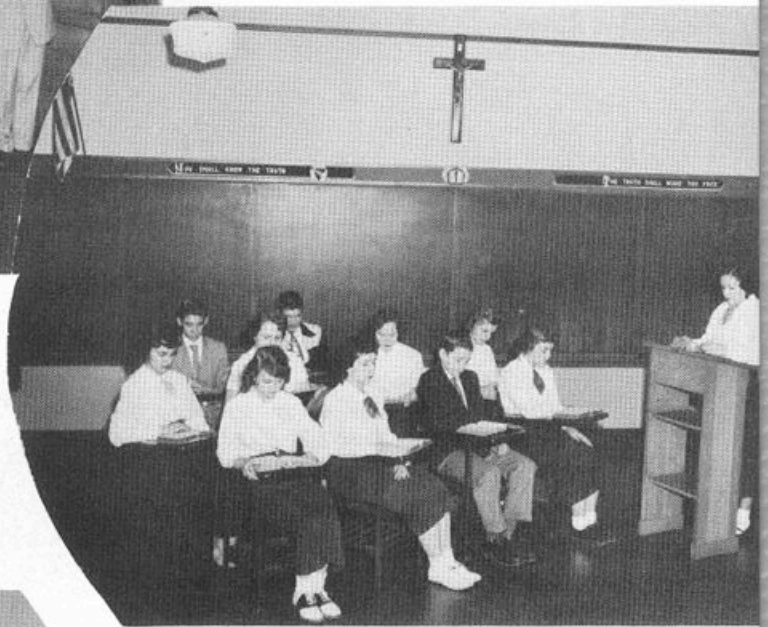

The Senior English literature group discusses Shakespeare's profound knowledge of men and women individualized and immortalized in the characters in "Macbeth".

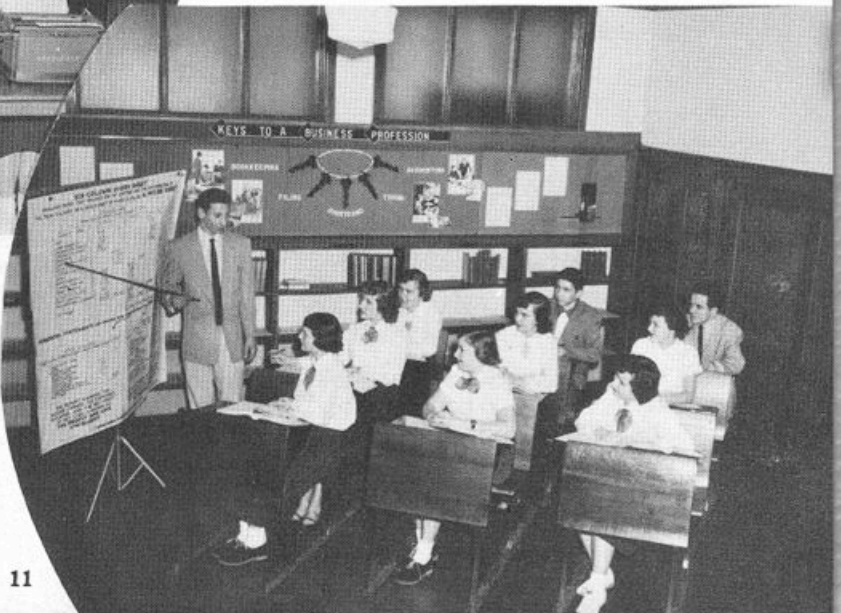

These students are making a comparative study of the wars of the Middle Ages with those of this age.

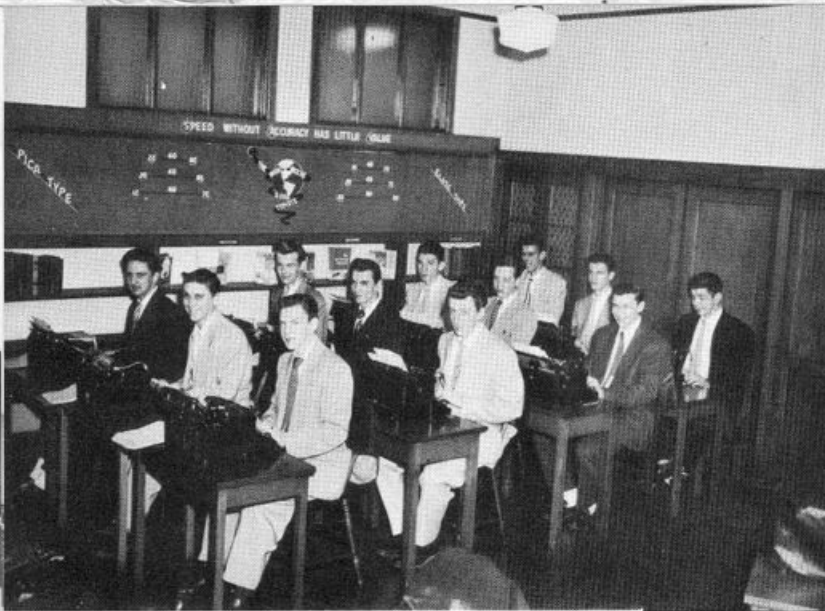

The Sophomore Religion Classes read a chapter a day from the Bible.

Typing . . . It's the way you do it that counts.

Because education in business practice had market value, the Sophomores contend eagerly with Book-keeping figures.

Seniors boys vying with the typewriters for rapidstoking and complete accuracy.

The Drafting Course...its language and basic principles of mechanical drawing provide a sound foundation for future specialization in this field.

Richard Watson and Leonard Gruba radiate satisfaction at solving that problem in drafting.

Marion Piontek and Bernard Mazur, Math fiends, demonstrating the acquired skill in factoring.

Class Ring Day

Senior - Junior Ring Day Breakfast

The class rings are beautiful and so are the girls.

Another "memo", Ring Day, among the Reflections of 1953.

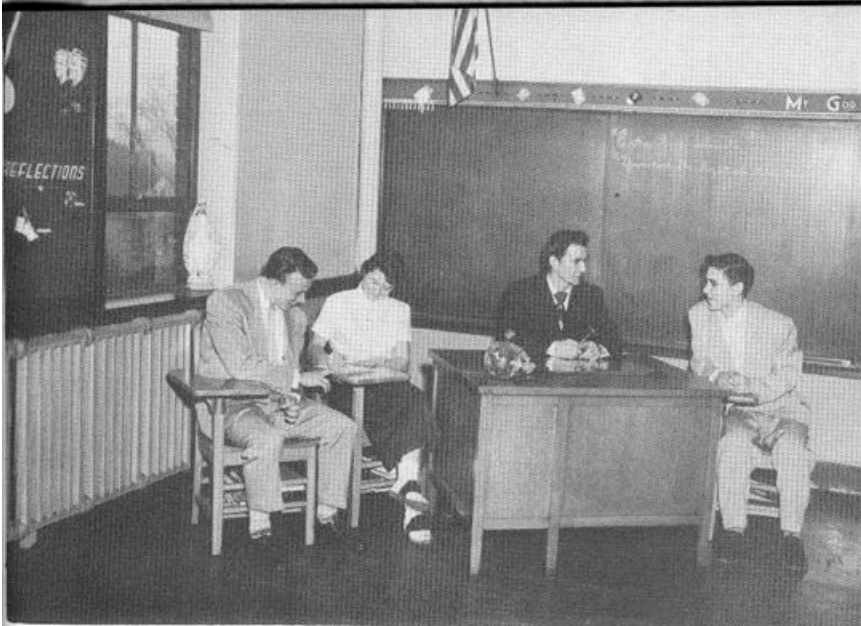

Our Blessed Lady kibitzing on the ad libs of a group of Junior girls.

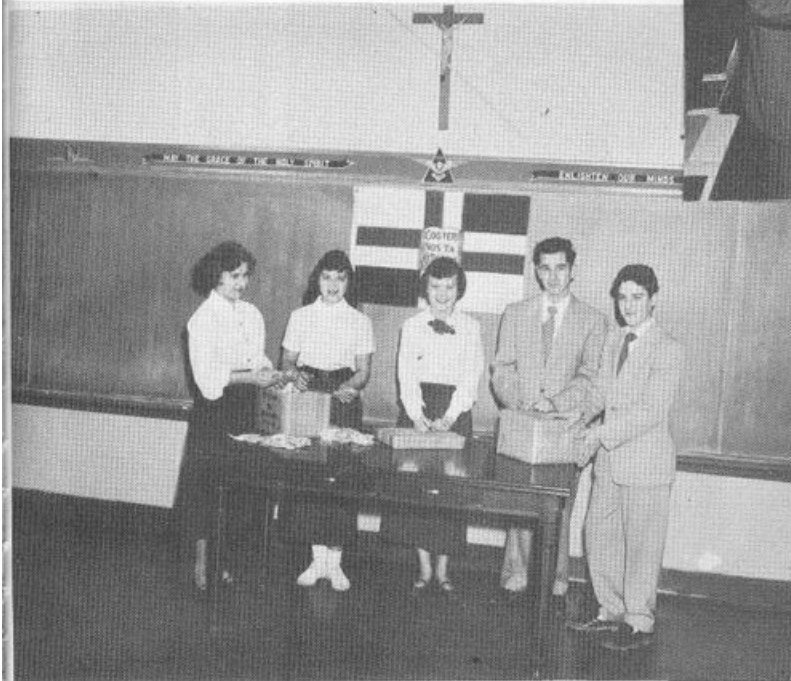

Smiles to be remembered, recollected and treasured.

The Senior Class President Frank Zaorski gets the meeting underway with the help of his colleagues, Vice-president Bill Trybuski, Secretary Teresa Jankowiak, and Treasurer Leo Bieniek.

That bookstore! When a student finally gets money to buy, he is told blithely, "Sold out. We expect them within a week."

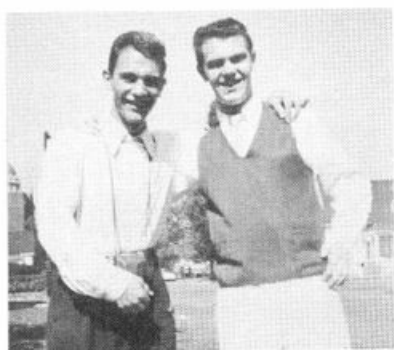

The CSMC representatives clearing the landslide of cancelled stamps to help the Missions.

The investigation and solution of all problems pertinent to student life at St. Casimir High is the objective of its Student Council. l. to r. Richard Cheston, treasurer; Charles Vish, president; Frank Zaorski, chairman; Joan Mucha, secretary; Ben Mazur, vice-president.

Our pretty Majorettes and their twirling magic batons.

Seniors Frank Zaorski and Charles Vish, inseparable buddies now and always.

Seniors... ideally yours... Feminine beauty and charm typifying sparkling personality, sophistication, poise, vivaciousness, and glamour.

The Band of Today led by Mr. S. Orstadius.

"Yeah, in the Cross the weak are strong; the fainting heart is bold."

Might be that Heaven's Celestial Choir stealthily perks up its musical ear to the sweet melodies of St. Casimir's Glee Club.

Give us men . . . The Student Patrol at SCH.

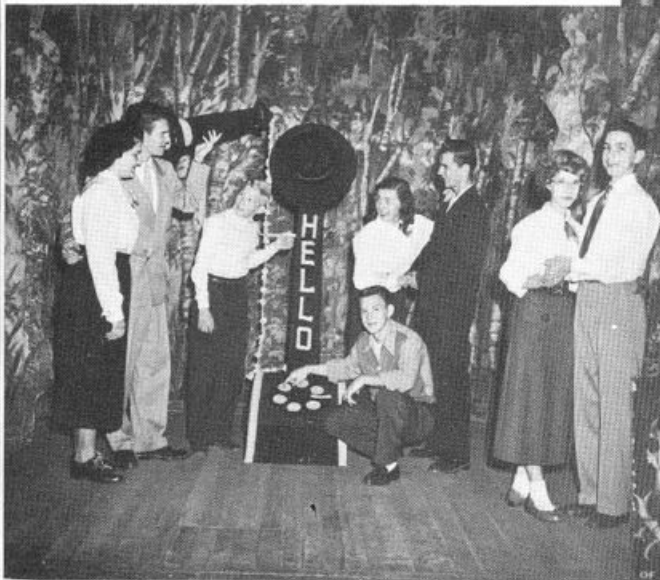

The Casmirette Staff settles down to a grim fight to get the paper over to the Press as soon as possible.

Sound advice from our Sodalists, "A drop of ink may make a million think, Read and spread Catholic Literature."

It's a "Hi" from the school President to the Freshmen and Newcomers at the Hello Dance.

The Casmirecho Staff Forming alluring steps up the ladder of hard work to the success of another fine yearbook.

St. Casimir's pretty, peppy and petite Varsity Cheerleaders: Bernie Stanek, Marion Piontek, (Reverend Joseph Perkowski, Athletic Director), Dolores Schimeck, Joan Rynkiewicz.

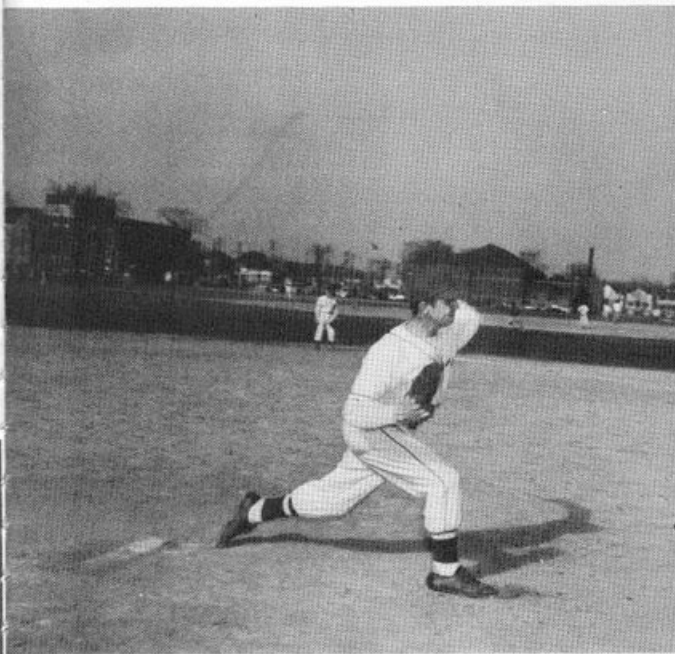

The Crescents blew hot and cold throughout the season, playing brilliantly one night and falling into the doldrums the next.

Basketball . . . its high pitched excitement, speed and fast breaks.

The Crescent baseball team and their coach S. Zelek.

Jim Skotzke's superb pitching.

The hit that saved the game. Ben Mazur at bat.

The INVINCIBLE FLAMES that scorched, parched, roasted and burned their Opponents.

Just pretending a possibility. . .Miss Lillian Kulpa, the patient, permits Miss Phyllis Lewandowski to take her "temp" and her "beat". Sister Mary Laurenta checks the practice of her Home Nursing Students.

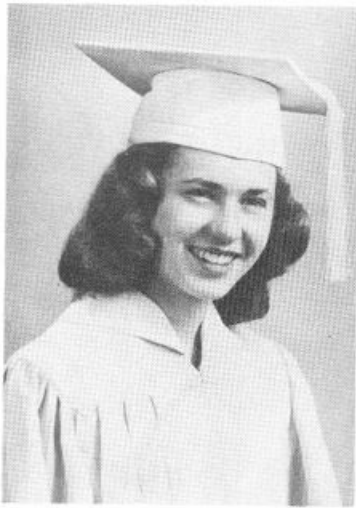

On the job in the Principal's friendly office is her assistant, Miss Helen Misiak.

what next?

It's a pretty important decision, young lady — choosing the right job. You'll want to work in pleasant surroundings — in light and airy offices with modern equipment.

And now that you're out of school, you'll expect to meet new friends where you work — young people you'll like and with whom you can enjoy your leisure time. (And how about a vacation with pay?)

Then there's the matter of a paycheck—it'll be nice to count on a steady income, a salary that's good from the start and keeps getting better with regular increases.

There's a job like this waiting for *you* at the telephone company!

You might want to be a telephone operator or a teller, a cashier or a clerk — those are just some of the many interesting jobs Michigan Bell has for bright young high school graduates like yourself. And there's a chance to advance in all of them.

You don't need experience to get a telephone job, and you'll earn a good salary, even while you're learning.

What next? Why not visit Michigan Bell's Employment Office? We'll be looking for you!

MICHIGAN BELL TELEPHONE COMPANY

"A Friendly Place to Work"

1365 CASS AVENUE, DETROIT

Serving Detroit

-AND DETROIT SERVES THE WORLD!

The products of Detroit's industrial plants are shipped to the four corners of the earth. Automobiles, adding machines, kitchen ranges, bearings and bolts and thousands of other products from Detroit plants serve the needs of people all over the world. And your Gas Company serves the needs of Detroit's people and plants. Dependable natural gas provides comforts and conveniences for community homes, essential fuel for industry and commerce. Michigan Consolidated Gas Company is proud of its service to Detroit and other Michigan communities.

MICHIGAN CONSOLIDATED GAS COMPANY

Serving 750,000 customers in Michigan

SPEAKING OF THE FUTURE

Way back in the beginning, a nursery night-light watched over you . . .

Tomorrow there will be such amazing new things as transistors working for you . . .

It has been electricity's privilege, it is its promise, to serve you better with every milestone passed.

**Detroit
Edison**
